

INSTALLATION GUIDE

DIMENSIONS

PRE-INSTALLATION

Surface Mount

Disconnect power source prior to installation.

SAFETY

Read all instructions before installation.

These products may present a possible shock, serious injury, or death if improperly installed.

Do not install outdoors. For indoor use only.

Product should be installed by a qualified electrician.

Product should be installed in accordance with these instructions and current electrical codes. Improper installation may result in a fire or electrical hazard.

INSTALLATION

STEP 1

Remove the junction box cover and open the wiring compartment. After wiring, replace the cover. (Figure 1)

STEP 2

Mark bracket placement on mounting surface with a pencil and draw a line to align the center of the fixture. (Figure 2)

STEP 3

Align mounting brackets with the center line drawn on surface and secure in place with screws. (Figure 3)

*Mounting brackets only pivot in one direction. Decided which direction is required for your application and mount accordingly.

STEP 4

Securely press fixture into bracket. (Figure 4)
