

**INSTALLATION GUIDE**

**PRE-INSTALLATION**

**Surface Mount**

Disconnect power source prior to installation.

**SAFETY**

Read all instructions before installation.

These products may represent a possible shock or fire hazard if improperly installed.

Do not install less than 6 inches from a combustible material.

- Product should be installed by a qualified electrician.
- Product should be installed in accordance with these instructions and current electrical codes.
- Must be installed with CORE Lighting Drivers
- Product is 12V. Do not connect to 120V power source.

**INSTALLATION**

**STEP 1** Mark your chosen surface with a pencil to map out the planned installation.

**BACK FEED INSTALLATION**

Drill an  $\varnothing 8\text{mm}$  (0.31") hole in the designated mounting surface using a power drill. Once completed, carefully guide the power feed through the opening. (Figure 1A)

**STEP 2**

**SIDE FEED INSTALLATION**

Gently press the power feed against the rear gap of the fixture, ensuring the power feed is held securely in place. (Figure 1B)

**STEP 3** Using the provided screws, secure the fixture to the designated mounting surface. (Figure 2)

**STEP 4** Wire accordingly.
